THE TWENTIETH ANNUAL
Ladies' Night Out

MWCABC turns 20 an all-volunteer, charitable organization whose mission is to fund innovative research, increase awareness through education and provide support services to those with breast cancer and related diseases.

Since its founding 20 years ago, the MWCABC has awarded nearly \$4 million in research grants to prominent research institutions. Last year's recipients were The Feinstein Institute for Medical Research at Northwell Health, The Icahn School of Medicine at Mt. Sinai and St. Francis Hospital.

The Coalition's Outreach Program provides emotional and financial assistance, resource information and support services to women and families coping with these diseases.

Karen Bergreen

Comedian . Author . Stressed Out Mom

Karen Bergreen is a comedian who travels the country and performs regularly at Gotham Comedy Club, The Comic Strip, and Carolines. She has appeared on Comedy Central, the Oxygen Network and on Law & Order. She graduated with honors from Harvard University, and then went to law school, after which, she worked as a fancy pants attorney. But, she didn't want to disappoint her parents so she quit her safe and promising law career to become a stand-up comic. Now, in an effort to make even less money, she has become a novelist and published two books, *Following Polly* and *Perfect is Overrated*. Karen lives in New York City with her husband and two sons. Her fish passed away recently, but Karen plans to get a new one when the time is right.
